

Grand Knight's Notes to the Council

I wish you and your families a Merry Christmas. If you are like me, you get caught up in the decorations, shopping, entertaining, and other distractions associated with Christmas. It takes an effort to slow things down and remember that without Our Savior, Jesus, there would be no Christmas. I ask that you all make that effort and include Jesus in all that you do during this hectic week leading up to the celebration of our His birth. I pray that the members that are unemployed or underemployed will find meaningful work in the new year. I pray that the members or their families that are suffering with physical or mental illness will find a cure for what ails them or peace in acceptance of things that cannot be cured. I am looking forward to the newyear and all of the great things that the Knights can make happen in and around our parish.

Jim Dudgeon, Grand Knight
